## Connecting People with Disabilities through Technology – Opportunities and Pitfalls

ENTER x Centre for Deinstitutionalisation (IRSSV)

21 May 2026, 17:00–19:00 (CET), via Zoom

Experts by experience and professionals from various organisations will present:

- How they started connecting people with disabilities online,
- which digital tools they use,
- why online connection among people with disabilities is important,
- their concrete experiences with online connection.

The presentations will be followed by a discussion on the opportunities and pitfalls of online communication.

Language: Slovenian and English, with interpretation in both languages
